Route your trip to the Seattle World's Fair through Wenatchee. Fair dates are April 21 through October 21, 1962. Visit our garden. Peak bloom is usually May 20.

Eden Road Iris Garden

P. O. BOX 117

• WENATCHEE, WASHINGTON

1962

FOREWORD

Greetings, iris lovers! We hope you will enjoy our new catalog. We hope it will prove to be our finest. If it isn't, it won't be because we haven't tried to make it so, for preparation of the catalog entails hundreds of hours of research, pasting, and typing.

To our many old customers, thanks for your orders. We hope to hear from you again soon. To prospective new customers, try us and see the quality of our large rhizomes. We will treat you right. We get many repeat orders the same season from satisfied customers.

The garden gates are open on week days from 10:00 A.M. to 5:00 P.M. During blooming season, we are also open Saturdays and Sundays same hours; evenings by appointment. You are cordially invited to visit the garden and see the modern iris, the rockeries, and the shrub and flower borders. The plantings make an attractive back drop for the iris.

This is the year of the Seattle World's Fair—Century 21. You'll want to attend this wonderful show. We invite you to stop by our Garden of Eden either going to or coming back from the fair—or both. Fair dates—April 21 through October 21, 1962.

Region 13 is meeting in Wenatchee this year on May 19-20. Our garden is on the tour and it is loaded with Guest Iris and we feel we have the best of the newly introduced iris. We hope all A.I.S. members can come. You who aren't A.I.S. members are invited also.

We're getting our catalog to you early so you will have time to get your order in early. Each year we sell out of some varieties and have to disappoint the late comers. See page 6 for the bonus for early orders.

GORDON W. PLOUGH

About the Catalog

In the descriptions, E, M, and L, signify Early, Mid-season, and Late. In the breeding look first for the capital "X." To the left of this is the pod parent. To the right is the pollen parent.

A word about the awards may help you who are not A.I.S. members to understand them. H. C. (High Commendation) is an award given to a seedling iris, either under number or name, not introduced at time of judging. This is a recommendation that this variety is worthy of introduction. Next honor in line that an iris may win is the H. M. (Honorable Mention). Any iris that has been officially registered and introduced before the current January 1 is eligible for this award. Next comes the A. M. (Award of Merit). This award is given only to those iris that have won an H. M. not less than two or more than five years prior to the current season. The top award is the Dykes Medal. For a tall bearded iris to win this, it must first have won the A. M. during the previous four years. Mention should be made here, too, of the President's Cup award. This is given to the outstanding iris variety seen at each yearly convention of the A.I.S.

So keep in mind in reading this catalog that there is just one Dykes Medal awarded each year. There are 12 A. M.'s awarded each year (or more if a tie vote appears for 12th place). There is no limit to the number of H. M.'s awarded each year. A tall bearded variety must receive 12 A.I.S. judge's votes to get this award. There were 125 H. M.'s awarded to Tall Bearded iris in the 1961 voting.

Cultural Directions for Bearded Iris

Rhizomes will be shipped to you in a firm condition and should be planted as soon as possible after they are received. If you are unable to plant on receiving them, then be sure to keep the rhizomes in a dry and cool place until you can plant them.

Your soil should be damp before planting and a good wetting after planting is usual, depending on weather conditions. After roots are well established, be careful and DON'T water too often. Bearded iris demand good drainage. If your soil is heavy and poorly drained, set the rhizomes a little higher than the surrounding soil. The rhizome should be planted so the soil just covers it and no more; be sure and spread the roots well and firm the soil around them. This will anchor the rhizome until the new roots form.

In early spring a side dressing of **WELL ROTTED** manure produces beautiful blooms. Care must be taken not to allow any fertilizer to come in direct contact with the rhizome.

Separate your plants about every third year for best results.

A small handful of bone meal to each plant well worked through the soil before planting is advised.

In the colder sections, a winter mulch is good cheap insurance for newly set plants. Evergreen boughs, pine needles, excelsior or any coarse materials that will not mat down are suggested as good materials.

NEW INTRODUCTIONS

This year Eden Road presents 16 new Tall Bearded iris to the flower lovers of the world. These are a carefully selected group and represent years of work. There are three from Gerhardt A. Carlson, one from Ione Hope, three from Jeannette W. Nelson, one from Julia Theurer, and eight from Gordon W. Plough. We hope you will enjoy these latest developments.

BLAZING VIOLET (Carlson) M. 38 in. No. 57-38B. (Vatican Purple) X (Blue Glow x Unknown). Here is a scintillating new beauty done in deep blue violet with blue beard. This is a half sister of Granada scheduled for '63 release. The blooms are lightly ruffled, large and semi-flaring. Well branched. Vigorous grower. Fertile both ways.....\$20.00

COOL FLAME (Carlson) M. 35 in. No. 58-8J. (Lipstick X Frost and Flame). Heavily ruffled white with flaring falls and closed and domed standards. The beard is a rich coral-red. This beauty is low branched and grows well. Fertile both ways.....\$25.00

CROWN COLONY (Plough) ML. 32 in. No. 56-62-6. ((Sdlg. x Sorrel Top) x (Aldura x (Tiffany x Sdlg.))) X (Mulberry Snow). Fancy type plicata. The standards are Victoria Violet, Wilson 738/1; the falls are white heavily sanded same color as standards with the hafts dotted maroon. The beard is yellow tipped white. Showy.....\$20.00

DIAMOND CUP (J. Nelson) ML. 36 in. No. 58-85-1. (Magnet X Nike). This is a lovely self of orange buff flushed pink, Salmon (Wilson) 412/2. It is very large and beautifully formed with domed standards. The flaring falls sport a wide tangerine-red beard. Fertile both ways and the substance is heavy. Named for the celebrated hydroplane races held in the city of its birth. \$25.00

ECRU LACE (Plough) EM. 32 in. No. 57-47-61. (Yesteryear) X (Ruffled Gem x Sib to Butter-scotch Kiss). Sib to Pongee Lace. Beautifully formed semi-flaring ecru tan self with all petal edges heavily laced. Luscious soft coloring.....\$20.00

FOLVAR (Plough) M. 34 in. No. 56-58-18. (Snow Flurry x Stormy Skies) X (Limelight). The flower is warm white, large, and somewhat down hanging. It is of secondary importance as this iris is introduced because it has striped foliage and will transmit this striping to its offspring when used with other striped foliage parents. The striping is not bold but is of soft green, yellow, and cream. This could open a whole new field as hybridizers have for years tried in vain to breed striped foliage.....\$20.00

GEM STATE (J. Nelson). See page 4.

HOMEcoming (J. Nelson) ML. 38 in. No. 59-2-1. (Nike X Magnet sib). A very appealing, huge, wide flower of heavy substance. The closed standards are apricot, flushed orient pink, and the apricot falls are enhanced with an extra heavy, wide red beard. The fine stalks have three branches and terminal. Fertile both ways, it is very hardy and a splendid grower. H. C. '61.....\$25.00

HOPE'S DIAMOND (Hope) EML. 36 in. ((Ormaco x Great Lakes) x (Jane Phillips x Billowy Sea)) X Plough No. 51-54-1 ((Chivalry x Blue Rhythm) x Sky Chief). Very large smooth medium blue with wide clean petals. Substance is heavy and leathery. Very slight dash of onco blood adds interest. Foliage is a lush dark green that takes the heat. Vigorous and rapid increaser. Three Dykes medalists in its pedigree, so it should be good.....\$25.00

KACHINA DOLL (Plough). See page 4.

KAREN LYNN (Theurer) EML. 40 in. (Party Dress X Top Flight). Tall, well branched, light apricot self with clean yellow hafts and tangerine beard. This is nicely laced, non-fading, and weather resistant. Vigorous grower. Fertile both ways.....\$20.00

LEMON BOWL (Plough) EM. 30 in. No. 57-92-31. (Sdlg. involving 1/2 Cinnamon Toast, 1/4 Bali Belle, 1/8 Firecracker, 1/16 Red Gleam, 1/16 Tiffany) X (Butterhorn). Beautiful Sulphur Yellow, Wilson 1/2, self. The hafts, center area below the beard, and the beard are lighter, Wilson 1/1. This is the finest Elsa Sass type flower we have ever grown. Pod fertile. Pictured on back cover.....\$20.00

LUXURY LINE (Carlson) M. 33 in. No. 58-10B. (Lipstick X Collegiate sib). Startling and a real crowd stopper is this gorgeous new creation. This is a beautifully formed and heavily substandard frosty white of widely flaring form. The domed and laced standards are gold edged. The wide falls have deep solid orange-gold shoulders and fiery red beards. Well branched. Fertile both ways.....\$35.00

PONGEE LACE (Plough) M. 34 in. No. 57-47-40. (Yesteryear) X (Ruffled Gem x Sib to Butter-scotch Kiss). Sib to Ecrú Lace. Soft pastel buff or pongee colored flower. The wide petals are nicely laced. Fertile pollen.....\$20.00

SAIGON (Plough). See page 5.

SPICE ISLAND (Plough). See page 5.

KACHINA DOLL

(Plough) ML. 34 in. No. 55-54-7. (Sib to Flaring Ivory) X No. 53-56-84 ((E. Nelson's: Pink Cameo x Pink Formal) x Mary Randall). The standards are Imperial Purple, Wilson 53/3, with buff or smoky infusion. The flaring falls are a blend of apricot and buff with a lighter center area straight down center of falls darkening at tip to near color of standards. Beard is bright tangerine. Showy and very different. Fertile both ways.....\$25.00

**NEW
FOR**

GEM STATE

(J. Nelson) ML. 38 in. No. 59-42-1. (Nike Sib. X Soaring Kite). This delicately tinted beauty is named after its home state of Idaho. Standards are a pale Mimosa Yellow, Wilson 602/3, flushed pink. The falls are the same with the haft and edges a deep Mimosa Yellow, Wilson 602/1. The deep orange buff beard adds to this lovely pink and yellow combination. The form is very fine with ruffling and fluting. Substance good. Fertile both ways. H. C. '61.....\$30.00

SPICE ISLAND

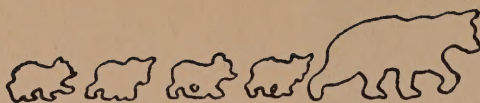

(Plough) EM. 34 in. No. 57-51-12. ((Late Sunset x Tieton) x (Elsa Sass x Firecracker)) X (Bazaar). Red plicatas are scare and this one should be popular. The standards are almost solid Garnet Lake, Wilson 828, and the falls are washed and streaked with the same color and edged darker in Beetroot, Wilson 830. Hafts blend to brown and there is some yellow below the brown-orange beard. Fertile both ways. H. C. '61....\$25.00

'62

SAIGON

(Plough) EML 36 in. No. 57-19-70. (Happy Meeting) X (Sdlg. involving Castle Rock, Vatican Purple, etc.). Wide ruffly plicata that is lightly marked on white ground. The standards have a wide suffused border of Methyl Violet, Wilson 39/2; falls are narrowly edged same color, Wilson 39/1. Border does not extend to tip of flower. Beard is light orange with blue-white tip. Fertile both ways.....\$25.00

PLEASE READ CAREFULLY

Get your order in early. WE SHIP ONLY DURING JULY AND AUGUST. On all orders postmarked by May 31, 1962 you may select 10% of your iris order (value) as an added premium. This is not a cash discount and should not be used as such.

1962 OFFER

Minimum order \$10.00

On orders from \$10.00 to \$12.50.....you may select 25% more value in free iris
On orders from \$12.75 to \$15.00.....you may select 40% more value in free iris
On orders from \$15.25 up.....you may select 50% more value in free iris

Others may give higher premiums, but none have as many NEWER IRIS from which to choose as does Eden Road.

Here are examples as to how this works. Your order may look like this:

1 Hindu Wand	\$10.00	1 Luxury Line	\$35.00
1 Golden Fair	2.50	1 Ruby Lips	15.00
1 Wee Bit	\$2.00	1 Soaring Kite	10.00

Check enclosed.....	\$12.50	Check enclosed.....	\$60.00

If you wish to leave the selection of your free iris up to us, we'll give you even better value.

Please do not figure out the mathematical percentages and show discount, but enter order as shown in examples above. In this way you select your own free extras. We do not allow you to pay for part of the value of one iris and take the balance of cost of this same iris as your free extra. (This would be the same as a cash discount.) Remember, we have no cash discount.

Order early as some varieties are in short supply. On later orders, please give us second choices on free premium iris. This will save time and correspondence. Keep in mind that we ship only during July and August.

Remember that we pay postage or express on all orders in U.S.A. Foreign shipments are F.O.B. Wenatchee.

Please do not write letter on order blank, but use separate sheet. All orders will be promptly acknowledged. If you list your order alphabetically, it will save us time and money. You will gain by it, too; try it and see.

We do not issue a Wholesale list. Dealers, send us alphabetical list of stock in which you are interested and we will quote you. Please use your garden letterhead or give other evidence of your commercial status. Minimum order \$10.00.

TERMS: Cash with order. Please remit with money order or check made out to Eden Road Iris Garden. No C.O.D. orders or stamps accepted. Minimum order \$10.00.

POSTAGE OR EXPRESS will be paid on all orders in the U.S.A.

FOREIGN SHIPMENTS are F.O.B. Wenatchee.

WASHINGTON STATE RESIDENTS only
—please add 4% Sales Tax.

SHIPPING will be by rotation as orders are received and will begin in early July and continue through August.

GUARANTEE: All rhizomes are guaranteed to be true to name, labeled, top quality and size, free from insect pests and disease. If for any reason you are not completely satisfied please notify us promptly. On failures to grow, notify us by November 1.

Most of the recent Eden Road introductions may also be seen in the showcase garden of Mr. and Mrs. L. L. "Lyn" Hoffman, 113 D. St., Davis, California. They are our agents for the Sacramento area and invite you to see these new creations and will be happy to take your orders.

- ALICE LEMEN** (Plough '57) M. 31 in. (Gold Ruffles x Cherie) X (Twenty Grand). Sib. to Paleface and Riviera. A lacy beauty with edges of petals heavily crimped and fluted. Falls are white with hafts of empire yellow. The nicely closed standards are empire yellow. Beard is bright yellow. Fertile both ways. Named in honor of my sister. H. M. '60. Placed 13th in Judges' Choice '61.....\$6.00
- ALLAGLOW** (Tompkins '58) ML. 38 in. (Ballet Dancer x Lady Albright) X (Golden Twilight). Bright gold blended orange with an all over flush of clear copper yellow, and a gold dust glitter. There is a flash of orchid at the tip of the chrome beard. Broad petaled with ruffled flaring falls and domed standards. Nicely branched. A. M. '60.....\$10.00
- ALLEGIANCE** (P. Cook '58) L. 40 in. (Dark Boatman) X (Sdlg. x Pierre Menard). Beautifully ruffled navy blue iris with great depth of color. Beard is medium blue tipped lemon. The flowers are large, broad petaled, with fine form and substance. A. M. '60.....\$10.00
- ALMIRA** (Freudenburg '59) M. 34 in. (Chantilly X Hit Parade). Clean canary yellow self with heavy lacing on all petal edges. Beard is wide and yellow. This should be of use to put lace into the pinks. H. C. '58.....\$10.00
- ALPENROSE** (Schreiner '59) E. 38 in. (Savage X Cordolon). Dusty lavender-rose self with a silvery iridescence. Falls flare widely. Tall and well branched. H. M. '61.....\$7.50
- AMBER BLUSH** (Suiter '61) M. 34 in. (Apricot Glory X Top Flight). A stunning creation of warm ivory white with center of standards flushed pink. There is a heavy amber blush on the hafts and extending two-thirds way down the falls. Tangerine beard. Striking and different.\$15.00
- AMBER LACE** (Vallette '61) M. 36 in. (Chantilly x Muhlstein Sdlg.) X (Creamglow). Nicely formed lacy light yellow self with good substance. Closed standards and semi-flaring falls.\$7.50
- ANEMBO** (Bootes '59) EM. 38 in. (Helen McGregor) X (Hit Parade x Pink Formal). Very large light yellow self with lighter area in the falls and a deeper beard. Petals are wide with domed standards and flaring falls. From Australia. H. M. '61.....\$5.00
- ANGEL CURLS** (Branch '57) L. 32 in. (Azure Skies x Cahokia) X (Cahokia). Intensely bright medium to light blue with ruffled, wide petals. Substance is heavy. Standards are closed and falls flare. H. M. '58.....\$5.00
- ANGEL'S DREAM** (E. Smith '61) M. 40 in. (Bro. Charles No. 51-33 X Mission Starlite). Heavily substantiated medium sized white with white beard from two near blues. The semi-flaring flowers are heavily ruffled. Should breed interesting things.....\$25.00
- ANGIE** (C. Smith '59) M. 36 in. (Dreamcastle X Chansonette). Could be called an improved Dreamcastle. Self of imperial purple. Beard is yellow with white tip. The large flowers are beautifully formed with broad ruffled petals. Well branched. H. M. '59.....\$5.00
- ANTHEM** (Schreiner '58) EM. 40 in. (Gypsy Rose x Auburn) X (Savage). Full formed fuchsia-purple with a bronze infusion in the standards and bronze border on the falls. Fine branching. H. M. '60.....\$3.50
- ANYTIME** (Cavagnaro '56) ML. 38 in. (Alba Superba X Lady Mohr). Simply huge off white of a warm ivory cast. The petals are extremely wide and well rounded. This one has to be seen to be believed. Very outstanding. H. M. '56.....\$5.00
- APPLE CUP** (Noyd '61) ML. 33 in. (Aria x Technicolor) X ((Sdlg. x Ebony Echo) x Ylem). Large bright red self with brown beard. There is an intriguing green edge along the haft. Fertile both ways.....\$20.00

- APPLE VALLEY** (DeForest '58) M. 38 in. ((Fairy Blush x Cloudcap) x Paradise Pink) X (Frances Kent). White tinted pink with deeper pink hafts. Beard is pink. Flowers are large with very wide petals. Beautiful flower and fine breeder. H. M. '60.....\$8.00
- APRICOT CREAM** (Plough '59) ML. 30 in. (Apricot Glory x Mary Randall) X (Sib.). The name best describes the color. This is a new iris color—nothing else like it. There is a smoky cast over all. The beard is light tangerine, the petals are large and wide, and the flower flares nicely.....\$10.00

ON COLOR CATALOGS

We have been sending our catalog to all of you who have ordered from us the past year. Then even if you skip a year without ordering we have sent a catalog to you. We have also been sending catalogs to all the membership of the American Iris Society within the U.S.A. These membership tapes used to cost \$15.00, then \$25.00, and on to \$40.00, in keeping with the general inflation. Now our Board of Directors have shortsightedly seen fit to increase this cost to \$75.00, which of course is out of all reason. The A.I.S. professes to be a non-profit organization. Yet they seek this justification to sell your name and address at a fat profit because that is in line with rates the list services and advertising agencies charge. We ask, that if you agree that this is out of line, that you write the Board of Directors and lodge your protest.

So, if you A.I.S. members didn't order from us in the past two seasons and wish our catalog, you'll have to send us your quarter—the same as the general public. This token charge does not begin to meet the cost, but is made to deter the picture collectors and those who send for a catalog with no thought of ordering iris. Postage alone costs us 6 cents. We regret that the A.I.S. Board has made it impossible for you to get our catalog free.

So many of our customers have written how much they enjoy our catalogs and the wealth of detailed information compiled on each variety listed, and how they keep a file of them for reference.

Of course we have to depend on **your orders** to keep the wheels turning here. It is up to you, the public, to say whether we keep operating or close the garden. There are only a handful of commercial gardens left in comparison with what we had a short few years ago. We again have assembled a great array of newer iris for you fanciers. Our prices and free offers are fair and are approved by the industry. We solicit your order.

THE 1962 A.I.S. CONVENTION

The 1962 National Convention of the American Iris Society will be held in Kansas City, Mo. on May 16 through 19. Guest iris from Eden Road may be seen in the garden of Mrs. Charles Miller in Tonganoxie, Kansas, the Glenn Rogers garden in Independence, Missouri, and the C. R. Minnick garden in Kansas City, Missouri. If you don't already belong to the American Iris Society, see our special offer on page 8 and join now. Go to the convention and enjoy the festivities being planned for your enjoyment.
